

Unicorn Therapeutic Riding

Fall 2024

The weather is getting cooler! Please remember to dress warm when coming to the barn-- coats, gloves and warm socks are a must! Our viewing room is heated so family members and students should stay inside when they are not riding.

Halloween Party

Thank you to all who helped us put on such a successful Halloween party at the barn! Everyone looked great in their costumes, including the horses! Congratulations to Molly and Grayson for the spookiest costume, Carys and Sam for the cutest costume, Addie and Harry for the most creative costume, Eleanor and Daisy for the prettiest costume, and Avery and Damascus for the most unique costume!

We have some new faces around the barn!

Welcome to our new volunteer, Susan Connolly! Susan has joined our Tuesday team of volunteers and has been a huge help with our horses and riders!

Welcome to our new barn worker, Brandon Tamme! Brandon helps take care of the horses and keeps the barn clean. We are so lucky to have him!

Special Olympics

We had 6 Unicorn riders participate in the Special Olympics show this fall. Everyone did an amazing job riding through their obstacle courses and we are so proud of them!

Para Dressage Center of Excellence

Unicorn has recently become a Para Dressage Center of Excellence, the first in the state of New Jersey!

Para Dressage Clinic

Unicorn is hosting a USEF sponsored clinic with Grand Prix Dressage Rider and Trainer, Shannon Dueck. This clinic will focus on assisting athletes in their riding goals and their development as a para-dressage rider through the Centers of Excellence Pipeline. This clinic welcomes all para-riders, coaches, and support staff.

We have found the perfect new member of our herd, Harry! Thank you to everyone who gave on the GoFundMe, and to Jen and Jim Hines and Sigal Family for their generous donations towards his purchase.

We are hosting a fundraiser to cover the additional costs with Got Sneakers, a sneaker recycling organization. Please bring in any unwanted athletic shoes to be recycled and place them in the designated bin. Additional bags are available at the barn if you would like to collect sneakers from family and friends!

Congratulations to Erin for receiving the Major Lindgren Instructor Education Grant, funded through the Dressage Foundation, to continue her dressage training!

Rider Updates

We have a 24-hour cancellation policy at Unicorn. If you need to miss a lesson for any reason, please let us know as soon as possible to avoid a charge!
